

TECHNOLOGY ASSOCIATE

Leading Providence law firm with established and expanding technology law practice seeks outstanding associate with solid, 4-6 years technology experience to work in a collegial, fast-paced work environment with sophisticated clients, including a Fortune 100 company.

The successful applicant will have significant experience with a wide range of technology-based business commercial transactions including complex technology licensing and servicing arrangements. The position requires extensive technology contract negotiation and drafting experience, familiarity with software revenue-recognition principles, and an in-depth understanding and appreciation of IT related issues.

Candidates will advise core technology management and/or business clients on legal issues and risks, deal structures, intellectual property rights, and negotiation strategies. The job demands adaptability to work within the constraints of established client contract and procurement policies and procedures, interacting with a variety of cross-functional teams.

Qualified candidates should submit a resume and list of references in confidence to:

J. Michael Pagano, Director, Finance/Administration
